Commercial cleaning product range.

Zexa Starter Kits

Pizza Starter Kit

The Pizza Starter Kit is a turnkey chemical solution for pizza shops. Created to fulfil all of your cleaning and sanitising needs from the cool room to the front counter, this package will ensure a safe and efficient working environment is maintained.

Included:

- Sani-Con 5 Litres:
Produces 55 x 750mL bottles.
- Glass and Stainless Con 5 Litres:
Produces 55 x 750mL bottles.
- Dish Glo Plus 1 Litre:
5ml per 40L sink yielding
200 sinks per litre.
- Dish Plus 5 Litres: 2ml per
litre of rinse water.
- Rinse Aid Plus 5 Litres:
0.8ml per Litre of rinse water.
- Spray Bottles, 30ml shot dispensers
as required.

Bar Starter Kit

The Bar Starter Kit was created to cover all facets of cleaning and sanitising in any bar in the hospitality industry. From a beer spilt on the tiles to clearing out those drains, this package will ensure a safe and efficient working environment is maintained.

Included:

- Sani-Con 5 Litres:
Produces 55 x 750mL bottles.
- Glass and Stainless Con 5 Litres:
Produces 55 x 750mL bottles.
- K.N LSFC 750 grams:
Produces 75 x 10L buckets per kg.
- Rinse Aid Plus 5 Litres:
0.8ml per Litre of rinse water.
- Dish Glo Plus 1 Litre:
5ml per 40L sink yielding
200 sinks per litre.
- Multi Clean Con 5 Litres:
Produces 55 x 750mL bottles.
- Air Tech Breeze 750ml:
3 to 4 sprays per room
(depending on the size of the room).
- Spray Bottles, 30ml shot dispensers
as required.

Childcare Starter Kit

The Childcare Starter Kit solves all cleaning and sanitising issues that may arise in the day to day management of a centre. From the sanitisation of play equipment to the deodorising of the bathroom, this package will ensure a safe and efficient working environment for all occupants.

Included:

- Sani-Con 5 Litres:
Produces 55 x 750mL bottles.
- Multi Clean Con 5 Litres:
Produces 55 x 750mL bottles.
- Glass and Stainless Con 5 Litres:
Produces 55 x 750mL bottles.
- Premium Laundry Powder 2.4kg:
10 g to 5kg machine.
- Dish Plus 5 Litres:
2ml per litre of rinse water.
- Air Tech Breeze:
3 to 4 sprays per room
(depending on the size of the room).
- Dish Glo Plus 1 Litre:
5ml per 40L sink yielding
200 sinks per litre.
- Spray Bottles, 30ml shot
dispensers as required.

Restaurant Starter Kit

The Restaurant Starter Kit was designed to cater for all cleaning and sanitising needs of any restaurant. From providing streak free glasses to removing soil from hard surfaces, this package will ensure a safe and efficient working environment is maintained.

Included:

- Sani-Con 5 Litres:
Produces 55 bottles.
- Multi Clean Con 5 Litres:
Produces 55 x 750mL bottles.
- Glass and Stainless Con 5 Litres:
Produces 55 x 750mL bottles.
- K.N LSFC 750 grams:
Produces 75 x 10L buckets per 750g.
- Dish Plus 5 Litres:
2ml per litre of rinse water.
- Rinse Aid Plus 5 Litres:
0.8ml per Litre.
- Washroom Cleaner 5 Litres.
- Oven and Grill Cleaner 5 Litres.
- Spray Bottles, 30ml shot
dispensers as required.

QSR Starter Kit

The QSR Starter Kit will provide all of the cleaning and sanitising needs for any quick service restaurant. From degreasing the deep fryer to sanitising the table tops, this package will ensure a safe and efficient working environment is maintained.

Included:

- Sani-Con 5 Litres:
Produces 55 x 750mL bottles.
- Multi Clean Con 5 Litres:
Produces 55 x 750mL bottles.
- Glass and Stainless Con 5 Litres:
Produces 55 x 750mL bottles.
- K.N LSFC 750 grams:
Produces 75 x 10L buckets per 750g.
- Dish Glo Plus 1 Litre:
5ml per 40L sink yielding
200 sinks per litre.
- Spray Bottles, 30ml shot
dispensers as required.

Zexa has a large range of chemicals to suit almost every need. That is why we have created individually honed Kits ensuring an easy transition for a new or, conversely, an established enterprise alike.

Zexa System E

The System E product has been designed with easy installation in mind only requiring a water source and a minimal amount of space.

The key features are:

- Closed loop bottles (spill proof even when lid is removed) and dispensing to remove all risk associated with product handling.
- Concentrated solutions to make sure you're not paying for water. Up to 170 ready to use 500mL bottles from the 5 litre concentrate.
- Simple accurate automatic dispensing of multiple solutions covering most hand held requirements.
- Reduced handling and storage of hazardous chemicals.
- Dispense a diverse range of products; if it can be concentrated it can be dispensed.
- Converts all material handling to a Non-Hazardous product that is safe for human contact.
- Slashes bottling time.
- Each system prevents approximately 300 ready to use 5L bottles from landfill every year.
- Colour and numerically coded for simple safe use.
- Reduces cost to under \$1 dollar per bottle.

ASSASSIN S/C

Function: A Concentrated Food Grade Sanitiser for use through the System E only.

Uses: Post cleaning sanitisation of food surfaces, general surface sanitising, equipment sanitising, sanitising toys and play equipment, odour destruction, mould control.

Benefits: This sanitiser is a safe for all surfaces product. A simple spray and leave application reduces time and the chance of contamination. This product is Non-Hazardous when diluted through the system.

Size available: 5L

AIR FRESHENER S/C

Function: A concentrated odour destroyer for use through the System E only.

Uses: Deodorising of all surfaces and areas.

Benefits: This product destroys odour at the source by converting gas releasing bacteria to non active salt. Air Freshener is safe for use around food and sensitive airways. Application can be general or direct to bins and waste areas. This product is Non-Hazardous.

Size available: 5L

SPRAY AND WIPE S/C

Function: A Concentrated Multi Purpose cleaner for use through the System E only.

Uses: General Surface cleaning Including painted surfaces and fabrics.

Benefits: This product is a superior cleaner on all non-glass and stainless steel surfaces. This product is powerful enough to be used on cook tops and equipment yet sensitive enough to be used on carpets and upholstery. It will quickly remove residual grease common in food areas. This product is Non-Hazardous.

Size available: 5L

GLASS AND STAINLESS STEEL S/C

Function: A concentrated glass and stainless steel cleaner for use through the System E only.

Uses: Glass and Stainless Steel cleaning and all hard surfaces where streaking is an issue.

Benefits: Similar in property to the spray and wipe, this cleaner is sensitive enough to use around food and children but tough enough to cut through grease and grime build up found in the food service industry. This product is non hazardous when dispensed.

Size available: 5L

NON CAUSTIC DEGREASER S/C

Function: A Concentrated Non Caustic Degreaser suitable for use through the System E only.

Uses: General surface cleaning where grease and fatty deposits are dominant.

Benefits: The Non Caustic Degreaser S/C is effective for use on grill plates, degreasing engine parts, removing oils stains from non-sealed or oxide coloured surfaces and removing rubber from hard surfaces.

Size available: 5L

Ship Less | Use Less | Waste Less:

By finding better, safer ways of working with concentrates we have been able to reduce the amount of shipping with our products, reduce the amount of product our customers need to use and in turn massively reduce the amount of wasted resources.

Safety Safety Safety:

The first step is to create safer products. The majority of our manufactured goods are Non-Hazardous as we never want to see a Zexa customer or anyone else hurt by our products. We care, and we will always be looking out for you. If you ever have any questions or concerns please contact us.

Your \$ and us:

Every time you buy Zexa products you help us create a better future. Zexa is 100% Australian owned and we make everything here as well. Your dollar means a future for our workers and the more we can spend on innovating to make your life easier. So thank you for your support, it means something.

General Cleaners

DISH GLO PLUS

Function: Concentrated Manual Dishwashing Liquid.

Uses: For use in Manual Dishwashing.

Benefits: Dish Glo Plus is a highly concentrated manual dishwashing liquid that is very effective at removing soils including oils and fats while leaving an aromatic lemon scent.

Size available: 1L, 5L, 15L

SANITISER SPRAY RTU

Function: Ready to use, food grade sanitiser.

Uses: Surface sanitising.

Benefits: Sanitiser spray is a spray on and air dry product for use in; between services on tables, final spray on bench top/ equipment and at the end of trade. This product is Non-Hazardous and safe for use.

Size available: 750ml, 5L, 15L

K.N (LSFC)

Function: Highly concentrated powdered detergent.

Uses: General cleaning of all surfaces. Removal of oils, fats, proteins and most general soils.

Benefits: K.N (LSFC) is a pH neutral and biodegradable concentrated powdered detergent that can be used on all surfaces.

Size available: 750g, 1.5kg, 6kg, 12kg

GRILL AND OVEN CLEANER

Function: Degreaser.

Uses: Grease and oil removal from ovens, commercial kitchen floors and also grills and hot plates.

Benefits: Grill and Oven cleaner is a powerful caustic based cleaner for use in removal of burnt on carbon and fats.

Size available: 5L, 15L

Ready to Use

GLASS AND STAINLESS STEEL RTU

Function: Ready to use product for Glass and Stainless Steel.

Uses: For streak free removal of soils from glass and stainless steel.

Benefits: Glass and Stainless Steel Cleaner has been formulated to leave a professional streak free finish on windows, bain maries and all stainless steel equipment.

Size available: 750ml, 1L, 5L, 15L

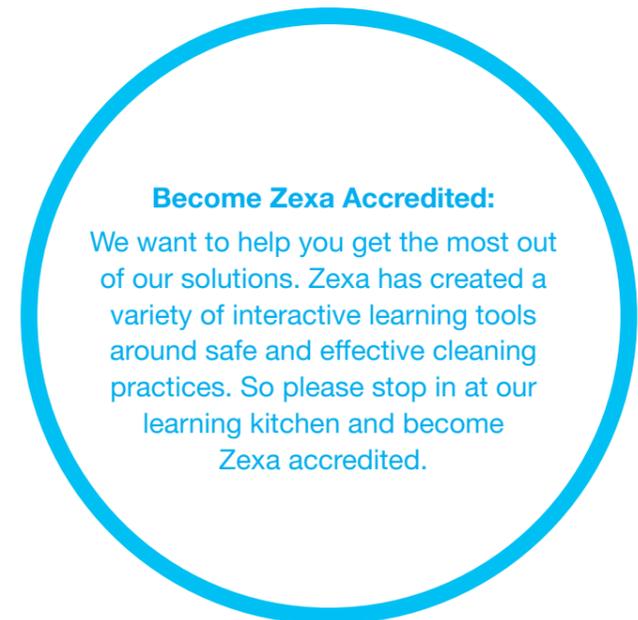

SPRAY AND WIPE RTU

Function: Ready to use general purpose spray and wipe.

Uses: Removal of general soils from bench and tabletops.

Benefits: Spray and Wipe has been formulated to be a quick and easy surface spray for removal of common soils such as sauces, oils, drinks spills and food stains.

Size available: 750ml, 5L, 15L

A.Q CLEAN

Function: Organic acid based cleaner for special circumstance cleaning.

Uses: Removal of chemical and fat build ups, removal of rust and tannin staining in wine production. Other uses upon consultation.

Benefits: A.Q was originally designed to remediate the high slip surface at the Sydney aquatic centre. This product is highly effective when used correctly and is available upon special order only.

Size available: 750ml, 5L, 15L

WASHROOM AND TILE SPECIAL

Function: Powerful stain removal.

Uses: Removal of stains and mineral deposits from grout, urinals, toilets and basins.

Benefits: This ready to use product will remove most stains and mineral deposits commonly found in washrooms.

Size available: 750ml, 1L, 5L, 15L

FORCE FOUR

Function: Concentrated powdered detergent and mould remover.

Uses: Removal of mould from grout, tiles, sinks, basins and most other hard surface.

Benefits: Force Four is a highly concentrated powdered detergent that has an inbuilt mould killing agent. This product can be used on most hard surfaces which have either dulled or general cleaning is not enough. Highly effective in toilets, bathrooms and most areas that are moisture affected.

Size available: 5L, 15L

COMMERCIAL CARPET SPOTTER RTU

Function: Soil and stain remover for carpets.

Uses: Spot cleaning in commercial hospitality or care environment. Pre spray for mechanical cleaning.

Benefits: Our Commercial Carpet Spotter will penetrate stains and soil allowing them to be mechanically or manually extracted from the fabric.

Size available: 1L, 5L, 15L

ESCALATOR CLEANER

Function: Ready to use specialty product.

Uses: For removal of soils from escalators including rubber and oils.

Benefits: Escalator cleaner has been specifically formulated to remove commonly occurring marks on escalators such as rubber, food and drink spills.

Size available: 1L, 5L, 15L

MOULD AND SPORE KILLER

Function: Ready to use Mould and Spore Killer.

Uses: Outdoor mould removal from driveways, patios, retaining walls, tiles and most other hard porous surfaces.

Benefits: Mould and Spore Killer will effectively kill and remove mould and its spores to leave your outdoor surfaces looking like brand new.

Size available: 5L, 15L

WASHROOM CLEANER

Function: Ready to use bathroom and tile cleaner.

Uses: Removal of rubber marks from shoes, yellowing on light switches, stained sinks and basins.

Benefits: Washroom Cleaner will remove most stubborn marks that day to day cleaning may not. Washroom Cleaner is a fast acting hard surface cleaner that can be used to brighten up your washroom.

Size available: 750ml, 5L, 15L

Odour Control

AIR TECH BREEZE (5 FRAGRANCES)

Function: Ready to use deodoriser.

Uses: Room and bin deodorising.

Benefits: This product destroys odour at the source by converting gas releasing bacteria to non active salt. Air Freshener is safe for use around food and sensitive airways. Application can be general or direct to bins and waste areas. This product is Non-Hazardous.

Size available: 750ML, 5L, 15L

LIQUID LID

Function: Odour containment in grease traps.

Uses: Reduces odour from grease traps.

Benefits: Liquid lid forms a layer on top of the grease trap that allows gasses as they pass through to be treated and reduce the odours that are commonly associated with grease traps.

Size available: 15L

ELIMINATOR

Function: Ready to use deodoriser and sanitiser.

Uses: Removal of odours and bacteria from surfaces including vomit, blood, urine and faeces.

Benefits: Eliminator has been formulated to chase odours into the surface and destroy the bacteria which cause them. This product is exceptional in the use of post body fluid spills to stop any odours.

Size available: 1L, 5L, 15L

Semi-Concentrates

SANI-CON 90ML SHOT

Function: Concentrated sanitiser.

Uses: Post cleaning sanitiser of food surfaces, general surfaces, equipment, toys and play equipment as well as odour destruction and mould control.

Benefits: Sani-Con is a cost effective, concentrated sanitiser for use on all surfaces when diluted correctly. This product comes with a dispensing unit that accurately measures dosing to make dilution of materials safe and consistent.

Size available: 5L

MULTI CLEAN CON 90ML SHOT

Function: Concentrated multi purpose cleaner.

Uses: General Surface cleaning including painted surfaces and fabrics.

Benefits: This product is a superior cleaner on all non-glass and stainless steel surfaces. Powerful enough to be used on cook tops and equipment yet sensitive enough to be used on carpets and upholstery, Multi Clean Con will quickly remove residual grease common in food areas. This product is Non-Hazardous. Product comes with dosing dispenser for accuracy of dilution.

Size available: 5L

GLASS AND STAINLESS CON 90ML SHOT

Function: Concentrated glass and stainless steel cleaner.

Uses: Streak free cleaning of glass and stainless steel.

Benefits: This product is an economical and superior chemical for cleaning of all glass and stainless steel with streak free results. Product comes with dosing dispenser for accuracy of dilution.

Size available: 5L

HARD SURFACE STAIN REMOVER

Function: Multi purpose concentrated stain remover.

Uses: Removal of rubber marks, stubborn stains and any other marks that general cleaning does not remove from any hard surface.

Benefits: Hard Surface Stain Remover will remove heavy soils such as rubber, oils, fats, food and drink spills and almost anything else from hard surfaces. Can be effective at up to 15-1 dilution.

Size available: 5L, 15L

Laundry

LAUNDRY LIQUID

Function: Commercial washing machine detergent.

Uses: Removal of general soils from clothes, linen and fabrics.

Benefits: Laundry Liquid is a concentrated commercial washing machine detergent. Highly effective at removing general soils such as dirt, sweat and oils.

Size available: 1L, 5L, 15L

PREMIUM LAUNDRY POWDER

Function: Domestic washing machine detergent.

Uses: Domestic washing of linen, clothes and fabrics.

Benefits: Premium Laundry Powder is a concentrated material that leaves items bright and smelling fresh. This product requires half the usage of most domestic laundry powders.

Size available: 2.4kg

PRE WASH STAIN REMOVER

Function: Stain removal prior to machine washing.

Uses: Breaks down heavy soils such as makeup, coffee, tea and oils from clothes, linen and fabrics.

Benefits: Pre Wash Stain Remover is highly effective at breaking down heavy soils prior to machine washing. This product can be used on all materials to remove coffee, tea, oils, grease, makeup and most other heavy soils.

Size available: 750ml, 1L, 5L, 15L

DISINFECTANT (4:1 ASC RTU)

Function: Concentrated disinfectant.

Uses: Controlling spread of germs and disinfecting surfaces that have been contaminated with vomit, blood, urine or faeces.

Benefits: Disinfectant is highly effective at controlling the spread of germs. Apply to contaminated surfaces after cleaning. 4 times concentrated and very economical.

Size available: 5L, 15L

ASSASSIN COOL ROOM (4:1 BREAK)

Function: Mould control for coolrooms.

Uses: Treatment of cool room floors and walls to inhibit mould growth.

Benefits: Assassin Cool Room kills mould and inhibits regeneration without the use of chlorine, making it ideal for use around beer lines and in coolrooms. This product is concentrated allowing for less storage space.

Size available: 5L, 15L

Warewashing

DISH PLUS

Function: Commercial mechanical dishwashing liquid.

Uses: For use in commercial dishwashers to give a superior clean with added descaler to keep the dishwasher running optimally.

Benefits: Dish Plus has been designed to break down soils fast whilst not attacking the dishwashers inner parts. This product also has an inbuilt descaler to keep your machine running optimally for longer and reducing machine downtime. Contains no caustics or chlorine.

Size available: 5L, 15L

GLASS PLUS

Function: Commercial mechanical glasswashing liquid.

Uses: For use in commercial glasswashers to give a superior clean with added descaler to keep the glasswasher running optimally.

Benefits: This material has been formulated to be used in the hospitality industry for use in commercial glasswashers. This product also has an inbuilt descaler to keep your machine running optimally for longer and reducing machine downtime. Contains no caustics or chlorine.

Size available: 5L, 15L

RINSE AID

Function: Commercial mechanical glass & dishwashing drying agent.

Uses: Used to decrease drying times of item washed in commercial glass and dishwashers.

Benefits: Rinse aid has one function, to allow for faster drying of cups plates and cutlery to reduce the need for drying. Highly concentrated for low dosing into machines.

Size available: 5L, 15L

DE-SCALE

Function: Ready to use descaler.

Uses: Removal of scale build up from wash chambers of commercial glass and dishwashers.

Benefits: De-Scale is a fast acting, ready to use material designed to remove scale build up from inside the wash chamber of commercial glass and dishwashers.

Size available: 5L, 15L

Dispensers

WAREWASHING DISPENSER

Wall mounted peristaltic dispenser for automatic washing including all fittings.

RINSE AID DISPENSER

Wall mounted peristaltic dispenser for automatic rinse aid including all fittings.

PUSH DISPENSER 30ML

Wall mounted pull through dispenser for filling sinks and buckets.

SANITISER DISPENSER

Wall mounted manual sanitiser dispenser with foam or gel option.

FOAM SOAP DISPENSER

Wall mounted manual soap and sanitiser dispenser with foam or gel option.

100ML DRUM PUMP

The Drum Pump converts a concentrated chemical into a ready to use state.

Zexa is the relentless pursuit of improvement.

This does not stop with our vigorously trialled Australian manufactured products but also encompasses the community as a whole. By enabling efficient lines of communication and easy access to education in the use of our products the community becomes a safer, healthier and a more environmentally friendly place.

Our goal is to help you achieve the best possible result by delivering superior products, customer service and reliability while furthering our aspirations of creating greener goods and a sustainable environment. At Zexa we pride ourselves in challenging the status quo of our industry as it is our belief that there is always a better idea and we will never stop searching for it.

Hand and Skin Care

HAND SOAP LIQUID

Function: Non-foaming hand soap.

Uses: Hand washing.

Benefits: The Hand Soap Liquid is an economical general hand cleaner suited for everyday use.

Size available: 800ML

HAND SOAP FOAMING

Function: Foaming hand soap.

Uses: Hand washing.

Benefits: The Hand Soap Foaming is an economical general hand cleaner suited for everyday use.

Size available: 800ML

HAND SANITISER 70% ETHANOL

Function: Hand Sanitiser.

Uses: Hand sanitising.

Benefits: The Hand Sanitiser is used for all hand sanitising needs.

Size available: 800ML

BARRIER CREAM

Function: Barrier from contaminants.

Uses: Barrier from contaminants.

Benefits: The Barrier Cream creates a physical blockade to repel contaminants from the applied area.

Size available: 800ML

MOISTURISER

Function: Treat dry skin.

Uses: Moisturising.

Benefits: Moisturiser increases the skins hydration effectively treating dry skin.

Size available: 800ML

SUNSCREEN

Function: Sun protection.

Uses: Sun protection.

Benefits: Sunscreen is an effective agent against the ultraviolet radiation produced by the sun's rays.

Size available: 800ML
